PROFESSIONAL SUMMARY

Third-year Engineering Science (Digital Arts: Game Design and Software Engineering) student at the University of the Witwatersrand, combining front-end development and interactive design experience with a growing focus on user-centred design. Proficient in Python, Java, C#, C++, JavaScript, and SQL, with project experience designing and building responsive web applications, multiplayer games, and interactive systems. Currently completing the IBM UI/UX Designer, IBM Full Stack Software Developer, and Meta Front-End Developer professional certificates. Combines technical and design skills with a proven record of reliability across legal, non-profit, and administrative environments.

DESIGN & UX SKILLS

- **Design & Prototyping:** Figma, Canva, Unity UI Toolkit (screen & HUD design)
- **Front-End Implementation:** HTML, CSS, JavaScript, React, Responsive Web Design

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C#, C++, JavaScript, SQL, Assembly
- **Game Development:** Unity, Unity Netcode, C#, Gameplay Systems, Game Design
- **Embedded Systems:** Arduino, Assembly Programming
- **Databases:** SQL, MySQL, Microsoft Access
- **Tools & Platforms:** Git, GitHub, Microsoft Office, Sage Accounting
- **Core Competencies:** Problem-Solving, Research, Cross-Team Collaboration, Financial Literacy

PROJECTS

e-plantShopping Page — React E-Commerce UI

- Built a responsive React e-commerce interface for browsing and purchasing houseplants, using Redux Toolkit for global state and dynamic UI rendering for cart totals, quantities, and user feedback.

Morabaraba Multiplayer

- Designed the setup screen and in-game HUD using Unity UI Toolkit, and produced user and technical documentation for the multiplayer board game.
- Implemented real-time networking and game-state synchronization using Unity Netcode for GameObjects and Relay.

Portfolio Website

- Designed and developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React to showcase design and development work.

Static Mind — Unity Game

- Developed a psychological horror game in Unity, implementing gameplay systems and progression mechanics using C#.

PROFESSIONAL EXPERIENCE

Administrative Volunteer | Ernie Els for Autism, Rosebank, South Africa

September 2025 – November 2025

- Completed daily administrative tasks over a 3-month placement, supporting organized recordkeeping and a structured, safe environment for children with autism.

Animal Care Volunteer | SPCA Johannesburg, South Africa

May 2024

- Carried out daily feeding, exercise, and cleaning routines across multiple shelter kennels, maintaining welfare standards for animals in care.

Tuck Shop Volunteer | Merensky Agricultural Academy, Tzaneen, South Africa

February 2022 – October 2022

- Operated the school tuck shop on a rotating weekly basis, handling stock control and cash transactions as part of a student team.

Job Shadow, Legal Practice | Botha & Lovegrove Attorneys, Hoedspruit, South Africa

June 2022

- Drafted contracts and wills under attorney supervision, conducted legal research across active case files, and managed filing and document retrieval as part of a team.

EDUCATION

Bachelor of Engineering Science (Digital Arts): Game Design and Software Engineering

University of the Witwatersrand, Braamfontein, South Africa | 2023 – Present (Expected Graduation: 2026)

- Completing a multidisciplinary curriculum combining Electrical and Information Engineering with Digital Arts, covering software engineering, embedded systems, computer architecture, game development, and interactive design.

National Senior Certificate (Matric)

Merensky Agricultural Academy, Tzaneen, South Africa | 2018 – 2022

- Subjects: Mathematics, Physical Sciences, Life Sciences, Accounting, Information Technology.
- Achieved 5 Academic Achiever Awards (Silver: 2018–2019, Bronze: 2020–2022) and Tritech Gold (2022).
- Served on the school executive committee for one year; competed in Debating, Word Worx, and Sêr Acapella.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- IBM UI/UX Designer Professional Certificate, Coursera — In Progress (started June 2026)
- IBM Full Stack Software Developer Professional Certificate, Coursera — In Progress (started May 2026)
- Meta Front-End Developer Professional Certificate, Coursera — In Progress (started July 2026)
- Database Theory; Programming Fundamentals 2 & 3 – OOP & Java (2025)
- Fundamentals in Python, Certificate (2024); Sage Accounting, Grade 10–12 (2022); Computer Talent Search: Silver (2018), Gold (2019)

Languages: English, Afrikaans
